

ENTRE4ALL PETITION

PROJECT COORDINATOR:

PARTNER ORGANISATIONS:

Signing this petition is a way to participate in the present and help us create a better future.

By signing it you agree to support the efforts of the consortium to:

1. promote social inclusion,
2. ensure social inclusion, access and participation in the digitalized labour market of young adults with a disability,
3. produce training materials and tool kits including all essential resources to acquire entrepreneurial, digital skills and soft skills for young adults with disabilities, to be able to enter the digital market and create their social enterprise,
4. overcome barriers and challenges the group of young adults with disabilities faces in the labour market,
5. gain independence and autonomy, to improve work-life balance and to adjust their time between disability status and working life through more flexibility in work placing.
6. provide a support system of mentors (adult educators, etc.) to make their business a success,
7. set up digital social entrepreneurship community support centres and
8. to empower disabled people to start a business and become independent and help them turn their dreams into reality.

Project:

ENTRE4ALL community support centres: a motivational upskilling pathway programme to equip young adults with disabilities with social-entrepreneurial, digital and soft skills.
